

GOAT TYING

(2027 RULEBOOK, SECTION XXX – EVENT RULES: GOAT TYING)

1. *Goats should be tethered a minimum of 10 feet off the 3rd barrel peg and a maximum of 100 feet from the timer line. The peg must be placed a minimum of 40 feet from the end of the arena.*
2. *The goat should be firmly tied to a stake with a rope or chain at least 10' in length (in the centre of the run, if possible), and an approved humane form of tethering equipment to be used.*
3. *The contestant must be mounted on a horse and made to run from behind the score line to the goat, dismount, throw the goat by hand and tie any 3 feet securely goat tying string. A score line of 15' or more from the end of the arena must be used.*
14. *A goat tying rep for each performance/slack will be designated at entries and is responsible for the duties set by the HRA.*
 - a. *First performance rep is responsible for placing the goat peg according to the HRA rules and have the measurements verified by a Judge. The rep must also check the goats to ensure they match the HRA requirements. This shall be done 2.5 hours prior to the performance.*
 - b. *Second performance/Slack rep is responsible for verifying that the peg is still placed within the measurements recorded by the judge and the first performance goat tying rep. This shall be verified by a judge. The rep is also required to check the goats prior to the performance.*
 - c. *If there is no following slacks or performances the goat tying rep for the final set of contestants is responsible for removing the goat peg and returning it to the barrel bag.*
 - d. *failure to complete these duties will result in a fine*
